

RIM BOLD

The fastest, most powerful BlackBerry ever* has arrived. The BlackBerry Bold is a global phone equipped with 3G simultaneous voice & data capability that leaves the competition behind. Crafted from premium materials, inside and out, the global BlackBerry Bold smartphone is designed to give business professionals and power users unprecedented functionality and performance in an intuitive design. Fully-loaded with integrated GPS for AT&T Navigator in 20 countries and with WiFi for access at thousands of AT&T hotspot locations nationwide, including Starbucks. The BlackBerry Bold smartphone has a color LCD screen fused to the undersurface of the lens, making images leap out with stunning definition and clarity. Pictures are vibrant and sharp, while videos play smoothly and web pages, documents, presentations, and messages snap with exceptional quality and contrast.
