

RIM BOLD 9700

The BlackBerry® Bold™ 9700 smartphone has a large, hi-res screen that displays over 65,000 colors; creating a vivid viewing experience for all your photos, videos, files and websites. Enjoy music, videos, photos and documents in great color and sound. Along with a 3.2 MP camera, the BlackBerry Bold 9700 smartphone features video camera functionality. Record and view videos on the hi-res screen, and share them through email, text messages or social networking sites. Access what's important with trackpad navigation based on how laptops are designed. Glide your finger over the trackpad to scroll through menus and icons. A slight press and click lets you select an item to navigate where you want to go. Easily sync data and audio files from your desktop to the BlackBerry Bold 9700, and get up to 35 hours of music playback time. Enhance the 256 MB of on-board flash memory by easily inserting a microSD card. Create extra room for emails, messages, apps, multimedia files, documents and all the other important things that you want to take with you. Hi-speed 3G network connectivity lets you browse the web or view email attachments faster. While Wi-Fi® support enables your BlackBerry Bold 9700 smartphone to access available hotspots.
