

Samsung Rugby II

When the going gets tough, the tough get talking with the Samsung Rugby™ II.

One of the most durable push-to-talk handsets available, its ruggedized, military-grade design withstands harsh conditions from rain to dust to shock.

The large external speaker and improved noise suppression lets you quickly and clearly communicate with others, while connectivity to the nation's fastest 3G network and advanced aGPS functionality help you stay in charge and keep the job on track.
